It is promised that if the powers that be decide not to have the bill transferring Paducah to the second class passed in the legislature, steps class passed in the legislature, steps may be taken by others to force the legislature to pass it. The constitution makes it imperative on the legislature to transfer cities containing over 20,000 inhabitants into the section when it was cured. During the recent cold snap, "Griffo's" feet and hands were frozen, and although it was not found necessary to amputate them, the pain is said to have done much to unsettle the patient's mind. ond class, and the last census shows that Paducah has over 20,000 inhab-itants. In view of this, the legislathe constitution, it is to the second class, despite objections, but the legislature cares nothing about law or the constitution. It related to the furnace fill with water so that about law or the constitution. It repeatedly violates both, and intends to
re-district the state in a manner directly contrary to law It will probthe authorities desire her to re-

use for telephones can afford them at the present rate, and do afford them. A reduction in rates would add few indeed, to the number of telephon subscribers. Another telephone system might bring about a reduction in the rate. People are now getting connec for a dollar or two dollars a month. Suppose that with competitive sys-tems they could get the same sort of a the dual system had divided the patcould then get only about four, five or six hundred for 50 cents. To get satisfactory service he would have to be annoyed by two telephones. The telephone business is one that competition does not improve. on does not improve.

Of course it is very reasonable to appect the legislature to "leave to the ities of the second class the right to

As the advertising twig is bent, so the advertising tre; will be inclined. Begin mod.

Paducah Sun say what officials they may have an what their respective salaries may be." The legislature has never left ond, or any other class, and it is not reasonable to expect it to have it to cities of the second class, simply be-cause Paducah wants to go into the he respective cities, and the salar charter is passed by the legislature. The difference in the officials, and of the chief differences of the various

> The Democratic state administrat has proceeded to quietly ignore the damaging charges made against the Hopkinsville asylum officials, and will evdently whitewash the whole affair. This may surprise some of the blind, unsuspecting Democrats, but it will surprise no one who knows the kind of gang in power at Frank fort. To quash the allegations will be perfectly in keeping with the charac-ter of a crowd that has stolen every state office from the Republicans, and tried to ease the public conscience by whose places they have thus ruthlessly

shaping iself, and the bolder spirits are already suggesting that we extend her an invitation to be adopted by us. We boast of having the greatest and freest country on earth. We have freest country on earth. We have improved with 100 years of experience and if Cuba cannot be pleased with the brand of freedom she would have with nothing.

the they can be, and this is doubtto wise precaution. Although it
not be generally known, and is
r forgotten, men risk their health
the legislature continues to spend the legislature continues to spend tappiness every time they patronses a barber shop, for there is no tell-what disease may be contracted the time virus or germs left on a comb, breah or towel.

The new rules to be enforced in Mew York are: "Don't use a sponge on the face after shaving. Don't use a powder puff. Don't use a lum in stack form. Don't use a towel more
